There is an alternative option that includes the expansion of the City of Nottingham, with two new Unitary Councils being created, these being:

To review the practice of holding bi-monthly Parish Council Meetings. There was a discussion about whether meetings should be held monthly or bi-monthly. The Locum Clerk stated that the Local Government Act 1972, states that a minimum of four meetings are required to be held each year. The Chair shared a table which showed the pattern of meetings since the decision to hold bi-monthly meetings was made. This indicates there has been meetings held in each month, around half being extra or extraordinary meetings.

Councillors expressed their preference for whether or not meetings should be held on a monthly basis. Councillors voted as follows: Monthly: Cllrs Scott and Robey. Bi-monthly: Cllrs Sutherton, Watkins, Watson and Green. Councillors then voted on the following motion.

To discuss the Levelling Up and Regeneration Act 2023 to enable MPC to support pursuit of funding for potential repair and restoration projects led by St. John's Church.

A paper was previously circulated in September 2025 by the Reverend Becky Hancock, which set out the background around Parish Council's making funding available to Churches for property expenditure through the Levelling Up and Regeneration Act 2023. Cllr Green proposed Misson Parish Council could make a policy statement that, in principle, when invited to do so, MPC will support St John's the Baptist Church in future funding applications. While MPC would not spend any precept on Church repairs, the Council could support the Church in raising finance, especially, as the Parish Council might be able to access funding that the Church cannot. District Cllr Pashley stated that he often gets asked to submit a letter in support of funding applications by Churches, other places of worship and community groups. The Locum confirmed that he has written letters on behalf of the Parish Councils that he has worked for in similar situations. It was proposed that the policy would state that "MPC supports the pursuit of funding by the Church".

There was discussion about reconciliation, as no bank account reconciliation had been provided. Cllr Robey offered to support Cllr. PART B - CONFIDENTIAL

8:55pm Part B – Confidential meeting started. Cllr Robey's apologies were shared with the remaining Councillors. His apologies were accepted and approved in accordance with section 85(3) of the Local Government Act 1972. District Cllr Pashley stayed as he is the third-party mediator for the AGAR complaint.

2025-117. 18 To discuss confidential items:

A) Ongoing 2023-24 objections. As per minute reference 2025-111 Councillors Green and Watson have had a meeting with Kaffy Rice-Oxley, the CEO of Nottinghamshire Association of Local Councils to discuss the AGAR objections. Discussions took place around some of the issues raised. The PC have to submit their response to PKF Littlejohn LLP as does the complainant. On the subject of the Lengthsman, Notts ALC have advised using a third-party HR Service. The external HR service can provide an SLA / Contract for the Lengthsman. The SLA cost is £250 plus VAT.

Resolution: That the SLA be sought at a cost of £250. Proposed by: Cllr Watson. Seconded by: Cllr Scott. Agreed by All.

A concern was raised that the Lengthsman increased their prices without the PC formally approving this in advance, however, as it has been paid more than once at the new rate the Locum Clerk confirmed this had been accepted and formed the basis of a contract between the PC and the Lengthsman. One of the issues of AGAR objection is that there hasn't been a competitive tendering process for the Lengthsman. The Locum Clerk suggested offering the current Lengthsman contracts until the end of the 2028-29 financial year as that would be the end of the first full year of the new Unitary Councils and MPC would be in a position to know what funding / devolved services the PC would be getting under the new authority. However, it was felt that 2028-29 was too long. Cllr Pashley summed up the discussion to date and brokered a compromise, to the end of this Parish Council term – a new contract will be offered to the Lengthsman, with an annual 3.5% uplift baked in, from beginning of January 2026 to the end of April 2028. At which point a competitive process might be undertaken to ensure MPC is getting the best value for money.

Resolution: To work in principle to extend the contracts of the Lengthsman, from January 2026 to the end of the current Parish Council term, at which point a competitive tendering process could be undertaken. Proposed by: Cllr Watkins. Seconded by: Cllr Scott. Agreed by All.

Actions:

- To work with the third-party HR provider and devise an SLA for Lengthsman Services.
- Extend the contracts of the Lengthsman until the end of the Parish Council term.

B) Parish Clerk Vacancy. Deferred to a later date, due to the time and the length of this meeting.

10:05pm Meeting closed.
